Changes to the list of TV Channels are announced by Polsat Media and shall not constitute an amendment to the Principles. The TV Channels are distributed, through wireless (terrestrial, satellite) and wired platforms, via a digital platform, cable network and online platform (the Internet) in the territory of countries where TV programs are received by recipients. Sale of Ads is conducted using two sales methods: pricelist and package based, which are discussed further in the Principles. The definitions of the terms used in the Principles have been provided in section X of the Principles.

### I – General terms and conditions of cooperation with the Advertiser

1. The Ad/Sponsorship Billboards broadcasting service shall be performed based on Orders signed

- by the Advertiser and Polsat Media. If the Agency acts on behalf of the Client, the Client together with the Agency shall bear joint responsibility for liabilities arising from the Order.
- 2. Polsat Media commences the sale of Ad broadcasting services for a given calendar month on the first working day after making available to the Advertisers the Pricelist for a given month. Sales based on the Pricelist are conducted first, and are followed by package sales. At the time of providing the Pricelist for a given month, Polsat Media informs the Advertisers about the dates of commencing sales for both methods.
- **3.** Polsat Media prepares Orders based on order forms received from the Advertiser. On receiving an order form, Polsat Media makes a reservation for the advertising/sponsor air- time in the scope described in the order form and confirms the reservation by sending the Order to the Advertiser for approval.
- 4. The Advertiser approves the Order by having authorized persons sign the Order and delivering the signed Order to Polsat Media together with the documents and statements listed in the Principles within 3 working days from the date of Polsat Media sending the Order to the Advertiser, not later however than by the fifth working day before the first broadcasting of the Ad/Sponsorship Billboard covered by the Order. An Order is also considered to have been delivered when it has been sent to Polsat Media within the aforementioned deadline by fax or e-mail. The Order is concluded after it has been signed by Polsat Media.
- **5.** Polsat Media charges an operating fee of PLN 100 (plus VAT due) for each Order for the broadcast of the commercial communications submitted by the Advertiser in Polsat Media. This fee will be included in the total net value from a given Order.
- 6. Polsat Media provides Adsign platform available at https://adsign.polsatmedia.pl, which is used to submit, handle and modify Orders for advertising services of Polsat Media. Orders on the Adsign platform should be submitted in PDF format. Access to the Adsign platform allows for placing an electronic signature on the Order, sending invoices in PDF format and managing user rights. Access to the platform depends on the activation of the user's account and acceptance of the platform's regulations, which are available on platform's website.
- **7.** Any changes introduced by the Advertiser to the signed Order shall be regulated by the provisions of the Principles in the part related to resignation from the services.
- **8.** If, in connection with settling the Order, it is necessary to issue a correcting invoice the need and the amount shall each time be confirmed by the Advertiser within 3 working days from the date of Polsat Media presenting the settlement details, not later however than by the end of the calendar month in which the settlement details were provided.
- 9. If Advertiser having outstanding liabilities to Polsat Media performs a transfer and in the term of 3 working days from the date of crediting of Polsat Media's bank account does not indicate which claim this transfer satisfies then Polsat Media will settle this payment on the account of the debt which is the most outstanding.
- **10.** The broadcaster has the right to refuse to broadcast an ad, the content or form of which is inconsistent with the programming line or may damage the Broadcaster's reputation.
- **11.** Any disputes arising from the Order or the Long-term Contract shall be settled by the common court competent for the seat of Polsat Media.

#### II - Valuation of the Order

1. Orders for the broadcasting of Ads/Sponsorship Billboards are prepared by Polsat Media on separate forms for each type of sale. Specimens of the forms of the Order are provided in Appendix No. 3 (a-c) to the Principles. The calculation of the net value of the Order is performed

by Polsat Media in accordance with the provisions of the Principles for each type of sales.

2. If as a part of the Order are broadcasted: Ad, Sponsorship Billboard or Product Placement for an alcoholic drink, the value of the Order is additionally increased by 11.11%, due to the obligation to make a payment for providing services involving the Advertising of alcoholic drinks. Polsat Media hereby declares that in the event of a liability arising to accrue other fees, apart from the liability referred to in this clause calculated in connection with the broadcasting of Ads, Sponsorship Billboard or Product Placement, the value of the Order shall also be increased by the amount of those liabilities.

#### **Pricelist based sales**

- 3. Pricelist based sales involve the valuation of Ad broadcasting services based on the ad broadcasting prices published in the Pricelist. Within Pricelist based sales the Advertiser chooses broadcasting time for Ads by sending an order form to Polsat Media comprising a list of the broadcasts he wishes to reserve. Based on the order form, Polsat Media prepares a so-called Pricelist Order.
- 4. The fee for the broadcasting of Ads as part of the Pricelist Order is calculated based on the prices published in the Pricelist valid for a given broadcasting period.
- **5.** Polsat Media may grant the following discounts to Advertisers:
  - **a.** Client's discount a discount granted to the Client based on a long-term contract concluded between the Client and Polsat Media;
  - **b.** agency discount a discount granted to the Agency in connection with its representing the Client; the discount can be up to 15%,
  - **c.** other discounts discounts granted by Polsat Media in individual cases (e.g. a seasonal discount).
- **6.** The valuation of a Pricelist Order is performed as follows:

The price published in the Pricelist valid for a given broadcasting period is multiplied by the Ad length conversion factor and then increased by any additional fees arising from the Principles. The additional fees are accrued in the following order: the fee arising from the Ad's content is accrued first and the fee for broadcasting the Ad in a selected position in a commercial break is accrued next; moreover, the fee for broadcasting the Ad in a selected position in a commercial break is accrued on the amount obtained after accruing the fee related to the Ad's content. The amount thus calculated is reduced by the discounts that are due to the Advertiser. Every subsequent discount is calculated on the amount that remains after deducting the previous discount, the agency discount being calculated last and the Client's discount calculated as the penultimate one. Afterwards, the technical fee referred to in the point IV.10 of the Principles is charged. The amount obtained after deducting the discounts and adding the technical fee constitutes the net value of the Pricelist Order. The net value of the Order is increased by amounts due to the State budget referred to in point II.2 of the Principles and then by VAT.

### Package based sales

- 7. Package based sales shall mean the valuation of Ad broadcasting services based on the achieved audience level. The Advertiser sends an order form to Polsat Media which specifies the subject of the Ad, the broadcasting period, the level of the ordered GRP for each Ad length and the distribution between prime time and the rest of the day if applicable. On accepting the reservation Polsat Media issues a so-called Package Order. As part of the Package Order Polsat Media selects the commercial breaks in which the Ads will be broadcast.
- **8.** The broadcasting period within a Package Order should cover a period of at least 7 days of actually broadcasting the Ads, and the ordered GRP should at least have the level specified below for a given TV Channel, unless another minimum GRP level has been specified in the

Pricelist for a given broadcasting period.

#### The minimum GRP level in a package order:

TV Channel	GRP level
Polsat	50
Polsat Sport	1
Czwórka	2
Other	individually determined level

- **9.** The CPP level for a given Order is specified in the long-term Contract concluded by and between Polsat Media and the Advertiser. Discounts, in particular agency discounts, are not applied in the package based sales.
- **10.** The valuation of a Package Order is performed as follows:

  The CPP for a given month for a given time of the day is multiplied by the Ad length conversion

factor and then increased by the additional fees arising from the Principles. The additional fees are accrued in the following order: the fee arising from the Ad's content is accrued first and the fee for broadcasting the Ad in a selected position within a commercial break is accrued next; moreover, the fee for broadcasting the Ad in a selected position within a commercial break is accrued on the amount obtained after accruing the fee related to the Ad's content. The amount thus calculated is multiplied by the GRP ordered for a given broadcasting period for a given Target Group as well as the day-part, and then increased by the technical fee referred to in the point IV.10 of the Principles, which altogether constitutes the net value of the Package Order. The net value of the Order is increased by amounts due to the State budget referred to in point II.2 of the Principles and then by VAT.

- 11. After broadcasting the Ads from the Package Order, Polsat Media settles the amounts due for broadcasting the Ads: Polsat Media recalculates the net value of the Package Order adopting (in place of the ordered GRP level) the GRP achieved by broadcasting the Ads from the Order.
  - **a.** If the net value thus specified is lower than the net value calculated for the ordered GRP level and the difference exceeds the level specified in the table below, the amount due for such Package Order is calculated based on the GRP achieved by broadcasting the Ads.
  - **b.** If the net value thus specified is lower than the net value calculated for the ordered GRP level and the difference does not exceed the level specified in the table below, the Package Order is considered to have been executed in line with the order form, and the amount due for the Package Order is calculated based on the ordered GRP.
  - **c.** If the net value thus specified is higher than the net value calculated for the ordered GRP level, the amount due for the Package Order is calculated based on the ordered GRP.

### difference in the net value of the package Order; ordered vs. settled:

up to 7 days	12,25%
8 to 14 days	10,50%
more than 14 days	8,75%

<sup>\*</sup> calculated as the number of days in which the Ads were broadcast if the Advertiser limited the number of Ad broadcasting days in the order form

**12.** Polsat Media performs the settlement of the Package Order based on the telemetric data provided by an independent research institute specified by Polsat Media.

## **Special Program Band**

<sup>\*\*</sup> in case of package Order exclusively on Television Programme amount due for ad broadcast is calculated based on GRP achieved by this broadcast

13. In case of simultaneous broadcasting the programme on the Polsat TV Channel and on one, or more TV Channels offered by Polsat Media, Polsat Media may create a Special Program Band. In this case, the amount due for the broadcast of Ads in Special Program Band will be calculated on the basis of the provisions of point 7-12 above based on the total number of GRPs obtained as a result of the Ads broadcast on all TV Channels contained in Special Programme Band and CPP relevant to the Polsat TV Channel.

#### Multi-channel orders

- 14. The Advertiser may acquire Ad/Sponsorship Billboards broadcasting services in the so-called Multi-channel Orders comprising two or more of the Orders in given TV Channels and accordingly in Polsat Media Online Products/ Polsat Media Digital Audio Products, Polsat Media AdScreen carriers and/or Polsat Media AdTube. Polsat Media establishes a list and percentage share of respective TV Channels in the group which is covered by certain type of Multi-channel Order, creating, for example: men's package, women's package, general package. Change in the group covered by certain type of Multi-channel Order does not constitute a change of Principles. In the case of a Multi-channel Order, Polsat Media issues one Order for a given period relating to all TV Channels and accordingly: Polsat Media Online Products/ Polsat Media Digital Audio Products, Polsat Media AdScreen carriers and/or Polsat Media AdTube covered by the group, and the settlement of the amounts due arising from the Order is performed jointly for all the TV Channels and accordingly: Polsat Media Online Products/ Polsat Media Digital Audio Products, Polsat Media AdScreen carriers and/or Polsat Media AdTube on which the Ads from the Order were broadcast based on the provisions of the Principles relating to Pricelist and Package Orders respectively. The Multi-channel Orders may comprise both Pricelist and Package Orders.
- 15. The Client's discount or CPP level for a given Multi-channel Order for the entire group of TV Channels and accordingly: Polsat Media Online Products/ Polsat Media Digital Audio Products, Polsat Media AdScreen carriers and/or Polsat Media AdTube are specified in the long-term Contract concluded between Polsat Media and the Advertiser.
- 16. The remaining provisions of the Principles relating separately to the Pricelist and Package Orders shall be applied accordingly to Multi-channel Orders. For the Orders comprising Polsat Media Online Products/ Polsat Media Digital Audio Products, Polsat Media AdScreen carriers and/or Polsat Media AdTube, the Principles for Conducting Sales on Polsat Media Online/Polsat Media Digital Audio Products, the Principles for Conducting Sales on Polsat Media AdScreen carriers or the Principles for Conducting Sales on Polsat Media AdTube shall be applied.

## Ad length conversion factors

Ad length conversion factors:

17. If an Ad is shorter or longer than 30 seconds, the price of broadcasting a given Ad / CPP is multiplied by the Ad length conversion factor given in the table below.

#### **Additional fees**

### **Sponsorship**

- 21. As part of sponsorship, Polsat Media prepares sponsorship packages which cover broadcasting of Sponsorship Billboards for a given Client before and after selected TV programmes and at the moment of resuming a given programme after a break for Ads or telesales. A sponsorship package may be additionally increased for the broadcasting of Sponsorship Billboards when announcing the sponsored programme; the number of broadcasts of such Sponsorship Billboards is determined individually with the Advertiser (with the Client or the Agency).
- **22.** The sponsorship package may relate to one or several TV programmes. When deciding to buy a sponsorship package relating to a given TV programme, the Client becomes its Sponsor. One

- 7. If it is necessary for Polsat Media to issue a correcting invoice reducing the amount of the initial invoice, the Advertiser is obliged to confirm the receipt of such correcting invoice and indicate the method of compensating such amount within 7 days of receipt such correcting invoice.

#### VII – Resignation from Ad broadcasting services

1. The Advertiser's withdrawal from the Order or part thereof or resignation from additional broadcasting services shall give rise to the Advertiser's obligation to pay the reservation fee in the amount specified in the table below.

reservation fees:	
cancelation date	fee
by the 5th working day before the first broadcast (inclusively)	20%
later than by the 5th working day before the first broadcast	100%

2. The reservation fee is calculated based on the net value of the broadcasts covered by the resignation, and in the case of changing the Ad to a shorter one – the reservation fee shall be equal to the difference between the net value of broadcasting the longer Ad and the net value of broadcasting the shorter one. Should the Advertiser withdraw from a portion of the Package Order, the following shall be adopted for the purpose of calculating the net value of the broadcasts covered by the resignation: in the event of shortening the campaign's period – that the distribution of the GRP over the broadcasting period covered by the Order is proportionate, and in the case of reducing the GRP level ordered in a given period – that the Advertiser withdraws from the Order up to the net value of the broadcasts covered by the resignation. VAT shall be calculated on the amount of the reservation fee.

- 1. If due to the fault of Polsat Media or the Broadcaster of the TV Channel, broadcast of the Ad is not performed or is performed with defects, Polsat Media shall have the Ad re-broadcast with the same broadcasting value at the nearest possible date, within a timeslot similar to that in which the broadcast was to have been performed. Submitting a written claim to Polsat Media within 28 days from the date of the broadcast subject to the claim shall be a condition for rebroadcasting the Ad. Broadcasting the Ad as part of the claim shall not release the Advertiser from the obligation to pay the amount due for broadcasting the Ad subject to the claim.
- 2. At the written request of the Advertiser, Polsat Media shall record the commercial break. If the claim was not justified, the cost of the recording in the amount of PLN 100 (plus VAT) shall be borne by the Advertiser.
- 3. Broadcasting the Ad up to twenty minutes earlier or later counting from the planned hour of commencing the broadcasting of the commercial break in which the broadcast of the Ad was ordered, shall be considered as having been performed in line with the placed Order. Moreover, Polsat Media reserves the right to unilateral change of the time of broadcasting a commercial break during or after the broadcast of non-format TV programmes (in particular: live broadcasts, feature films) or in other special cases.
- 4. Polsat Media is not responsible for non-performance or improper performance of obligations from the Order (in particular for delay) if this is caused by the event being out of control of the Polsat Media, in particular: force majeure events (e.g.: war, other acts of war, riots, acts or action of public administration bodies, elemental disasters, national mourning), interference with the broadcast of Television Programme, including malfunctions of broadcasting devices, power failures or breaks in power distribution, compliance with orders or prohibitions resulting from conditions of broadcasting license or provisions of law, permission or other document issued by public administration bodies.
